## Meeting Planned Tuesday At Neinda to Form Water Co-op

Formation of new water cooperative in the area is planned for 7:30 p.m. Tuesday when residents of the Neinda community meet at the community center, according to Fred Decker of the engineering firm of Yetts & Decker of Abilene.

Already, 150 farmers and ranchers in the Neinda area have purchased stock in the organization that has signed a tentative contract with the city of Hamlin for he purchase of water.

An additional 50 members are needed, Decker said, to form a permanent corporation. Each member of the corporation purchases a share of stock for \$55 in order to become a member. In addition he will pay a charge of about

\$7.50 to \$8 per month for water, depending on the cost of the system and other financial factors. Members of the corporation who reside near where the 60-mile pipeline will be built will be able to connect with the main line at no cost. However, members who live some distance from the line will have to construct the water line on his own private property.

It is likely, Decker said,

### Places Drawn On City Ballot

Places were drawn last week for positions on the ballot for city offices. Mayor Hollis Madden is seeking reelection and has no opposition.

The aldermen are listed in the following order: E. C. (Bill) Feagan, Guy L. Weaver, Bill D. Davis (re-election) and Edward Gardner (re-election).

Absentee voting began Mar. 16 and continues through April 1 at City Hall. Election Date is April 5.

that the group will incorporate, name officers and make application to the Farmers Home Administration for a loan of \$200,000 and a grant of \$100,000 at the Tuesday night meeting. Information about the cooperative also will be disseminated at that meeting, Decker said.

Area included in this cooperative is from the Celotex area in Fisher County to Radium, ten miles east of Hamlin, and onto U. S. Highway 180. About 75 square miles are included in the area and there are about 200 families in that sector.

The new cooperative likely would need only 20 million gallons of water per year although it will be available for irrigation as well as for domestic use and for livestock Decker said.

Present steering committee of the proposed cooperative include Bill Scott, president, Rod Brown, secretary; John Scarborough, Stanley Jackson, O. H. Weaver, and Ray Williams. This group was elected by cooperative members at a previous meeting of the group.

### Increase In Service Fees Announced By Postoffice

New fees for special postal services such as registered, insured, certified and COD mail and money orders will go into effect March 26, Perry Sparks, postmaster said this week.

Sparks said the Post Office Department has the right to alter rates for special services, but other postal services such as parcel post, regular, second and third class mail and stamps are controlled by congress.

Rates for registered, insured, certified and COD mail have been adjusted to the advantage of the patrons, he said, to that more value will be received at practically the same fee.

He noted that money order fees have been raised 5 cents across the board. Whereas the fee for sending from 1 cent to \$10 was 25 cents, it will be 25 cents, and where \$10.01 to \$50 could be sent for 30 cents, it will be 35 cents.

Sparks said that patrons who have the need for the rate changes will have them before they become effective.

Guests in the home of Mr. and Mrs. Joe A. Simpson last week were his brother, Hobson Simpson and Mrs. Simpson of Hobbs, N. Mex.

In spite of the special free registration period, however, there will be fewer qualified voters this year than there were in 1964. Number of paid poll taxes this year was 2636. There were 58 under exemptions and three persons registered to vote without a poll tax in national elections.

Number of qualified voters in 1964, poll tax payers and "unders" was almost 4,000.

## Hamlin to Enter District One-Act Play Contest

The district one-act play contest will be held in the Stamford High School auditorium on Tuesday, March 29, beginning early in the afternoon.

Hamlin High School is presenting "The Leader of the People," a drama by Luella E. McMahon based on a story by John Steinbeck.

In the story Jimmy Hawkins plays the part of an old man who lives in a world of memories of the past, when he led wagon trains west. Randy Morgan plays the part of a twelve-year old boy who also lives in a dream world, completely apart from the prosaic life of his family. Sue Roddy, Dalton Lyon, and June Hill make up the family, none of whom understand nor appreciate Grandfather and Jody. Jimmy Stuart is the hired man, who understands both.

The play is under the direction of Mrs. Scott. Student helper and stage crew are Geneva Ward, Larry Braley, and James Ledbetter.

## Agent Warns Cotton Farmers of New Problems

Texas cotton producers have many things to consider, including planting patterns, under the 1966 cotton program, says Jones County Agent, Kirby Clayton. Among the alternate planting patterns are skip row planting and the interplanting of certain crops. Texas A & M University's Agricultural Extension Service emphasizes that compatibility of production practices must be considered along with net profit per acre when planting decisions are made.

The practice of interplanting two or more crops in alternating row patterns could include cotton and a grain crop growing side by side within a given field. Before a cotton producer decides on this row pattern within his field, there are important considerations of future problems he would understand before planting.

Federal regulations restrict the use of certain agricultural chemicals to specific crops. These regulations, problems of application and the manu-

## ACCEPTS ROBERTSON'S RESIGNATION—

# Trustees Desegregate Second Grade Next Fall

The resignation of Board member Revis Robertson was accepted by the Hamlin Board of Trustees Monday night at a meeting called to determine what grades will be desegregated this fall.

In a letter to Board Chairman Bill Harbert, Robertson termed his resignation "to the best interest of the Hamlin Public Schools." He stated, "This is not an all at once decision, I felt for quite some time that this should be done, but I was just not quite certain until now."

The board will name someone to finish out the remaining year of his term at their regular April meeting.

The board voted to desegregate the second grade this fall in addition to the other grades desegregated this past fall.

The meeting was called because of the need to meet certain deadlines set out by the Federal Government to comply with its decision to operate the remaining four grades—third, fourth, fifth and sixth—under a Freedom of Choice system.

Supt. C. F. Cook and Junior High Principal Marvin Carlton attended a meeting in Dallas this past week on matter of desegregation of the public schools.

plan was accepted the Board of Education of the Hamlin Independent School District accelerated the desegregation of the schools in completely integrating the 1st, 7th, and 8th grades. This being 6 grades which is one-half of all grades taught in the Hamlin Public Schools.

During a called meeting of the Board of Education of the Hamlin Board of Education, March 21, the following "Freedom of Choice Plan" for the 1966-67 school year was adopted: To completely integrate the following grades: 1st, 2nd, 7th, 8th, 9th, 10th, 11th and 12th. This leaving the Freedom of Choice in the 3rd, 4th, 5th, and 6th grades. These children may attend either the Hamlin Elementary School or the Hamlin Depriest Elementary School.

On March 24, a letter of explanation of changes, Freedom of Choice blanks, and a self-addressed envelope will be mailed to each parent with children in all schools. This parent will have 30 days in which to fill out the Freedom of Choice blank. It is very necessary that each child have on file a Freedom of Choice application in the school administration office by April 22, 1966.

cause strong allergic reactions to some people. The protective precautions for these allergic people are relatively easy to follow in solid plantings, but may present more problems when interplanted with other crops.

Another consideration concerns the actual harvesting of a cotton crop that has been interplanted with grain crops. The harvesting and ginning of cotton, harvested after the harvesting of the grain crop, can be adversely affected by the trash or excess plant parts left in the field from the other crop.

One final consideration is also a matter that affects the cotton producer at the time of harvest. Growth rates and maturity of the cotton between the outside and inside row of a four-row pattern (another alternative) differ and may create harvesting problems.

For specific information on the safe use of pesticides, and other resistance in your production planning, visit with your local county agricultural Extension agent.

## FAIRVIEW NEWS...

By Mrs. Elmer Joiner  
Spring arrived officially Sunday, after a long wait for several days. About the only difference we could see was that it is just a little drier. Rain is needed very badly, but there isn't but a very few rains when it isn't so it will rain some of these days as it always has. A vicious sounding thunderstorm came up Wednesday night, but all it left was a sprinkle.

Although we do not have a pasture so far, out our way, the pump was fixed by Ray Wayne Williams of Sweetwater, both services Sunday. The wife did not come with him since they are the parents of a week old son, born in the Hamlin Hospital.

The visiting preacher was Sunday guest of the H. L. Ford family. Sunday afternoon, he and Mr. Ford, visited around in the community. Since Ray Williams is a farmer, our former men could really talk the language. He farms north of Sweetwater, in the Longworth community.

We are glad to report that

George Wainwright did get to come home as scheduled, last Tuesday, and to date is doing fine.

Mr. and Mrs. Henry attended funeral services last Tuesday morning, in Rule, for Mr. Joe Bullock, a long time resident of Rule. Mr. Bullock was on his way to the Veterans Hospital in Big Spring, when the car in which he was riding was in a wreck with a truck between Hamlin and Old Glory. The victims were brought to Hamlin Hospital, where Mr. Bullock died a short time later.

Mrs. Ethel Bullock, sister of Mr. Henry and whose deceased husband was a teacher of the week victim, spent last week with Mr. and Mrs. Henry, after attending her brother-in-law's funeral.

It seems that only the Fred Rosenbaums and Mrs. Winslow Gray, attended the R. E. A. meeting and barbecue, in Stamford, last Wednesday. Most of our folks are members of the Stamford R. E. A., but we do not attend like we should.

After the barbecue, Mrs. Gray did some visiting over Standard way. She visited with Mrs. P. E. Moss and Jewell in the Church community, before coming home.

Mr. and Mrs. Fred Rosenbaum, and Mr. and Mrs. E. A. Henry, were Sunday afternoon visitors of the George Wainwrights. Mr. and Mrs. Raleigh Bond were also present.

Mr. and Mrs. Joe Ford went to Abilene last Wednesday and spent the night with Mr. and Mrs. David Ford. They enjoyed going to church with them that night.

The Fred Rosenbaums have done it again. They went fishing last Monday and caught lots of fish.

Mrs. Woodrow Goodwin was ill last week with a good case of flu, but was able to be in church Sunday.

Mrs. J. E. McCoy, M. S. Johnson and Elmer Joiner, attended the monthly meeting of the R. E. Council, in Abilene, last Wednesday afternoon.

Somewhere that took Winslow Gray's cutting north and some of the equipment that goes with it, last Thursday night, from his farm house east of town. If those that take things on that order knew how long it takes a

farmer to get the things he needs to carry on his farming operations, and how they have to sacrifice sometimes, to buy them, they would hesitate to go around taking them.

A preacher boy, Billy Sipes, from Abilene, met the pulpit committee last Friday night, in the H. L. Ford home. He is supposed to come preach next Sunday.

Mr. and Mrs. Henry visited with Mrs. Woodrow Goodwin, Friday afternoon.

It may not be any consolation to 50 shorn sheep but it takes only one kilowatt hour of Midwest Electric Cooperative power to relieve a half hundred of these animals of their fleeces. Not only is the shearing faster and more efficient, but it saves labor cost and increases profit. The use of electric sheep shears is just one of literally hundreds of ways rural people utilize the abundant supply of electricity by Midwest Electric Cooperative. MR. AND MRS. R. H. COOLEY  
... sign up for Medicare

## Local Couple, Sweethearts Since Childhood, Sign Up for Medicare

Mr. and Mrs. Romulus H. Cooley, sweethearts since the age of 12, are two Jones Co. residents who recently qualified for Medicare according to Mrs. Fay Grant, Field Representative of the Abilene Social Security office. In addition to being eligible for Medicare, both qualified for a cash benefit based on Mr. Cooley's work as a farmer. Farmers were first covered by Social Security in 1955. Mr. Cooley retired at the end of 1955 and had paid only the one year of social security tax. Until the 1965 amendments which permitted less work for persons 72 and over, Mr. Cooley could not qualify for cash payments.

According to Mrs. Grant, social security coverage is not necessary for a person to be eligible for Medicare. In fact, many persons without social security numbers have qualified.

The Cooleys have resided in Jones County since 1938. They have ten children living, including Mrs. Ruby Talbott, Abilene, Mrs. Woodrow Bagley and Calvin Cooley, Anson, and Elvin Cooley, Hamlin. They have 24 grandchildren, 10 great grandchildren. For longevity, they both suggest: "Love and trust in the Lord."

Mr. and Mrs. Cooley consented to use of their story in the hopes that the Medicare message might reach someone unaware of his rights to this coverage.

Recently figures show slightly over 2800 persons age 65 or over residing in Jones Co. Mrs. Grant stated that 2743 of these have already signed up for Medicare. Social Security people are concerned about reaching the remaining 60 or

"Oh, my aching back! I haven't done this for years." was heard last Thursday night as the gym lights shined brightly. The parents of the M. H. S. volleyball varsity and the teachers were getting a taste of what their children and pupils get from volleyball. For some, it was the first time to hit a volleyball. The parents and teachers were so interested in the sport, they decided to make a weekly thing of it. As of last week, they have practice every Thursday, Thursday March 24 (tonight) the M. H. S. Varsity and the new teams will be playing. It will be interesting to see if the children and students can teach the parents and teachers something.

Ann Kemp and Jeanne Acklin attended the F. H. A. Area II meeting last Saturday. They both wished that the other members could have been able to attend. According to Ann and Jeanne, the meeting held their interest all the way through. The meeting consisted of Speeches, songs, new fashions for spring, and initiation of the 1966 Area II officers.

## If you take a minute to check our list of winning vehicle identification numbers, you may know how it feels this week.

The contest's in its last week. So hurry. Here's how it works. Look at the first symbols (the prefix) on your vehicle identification slip. Then look at the symbols listed above. If you find yours on the list, you've taken the first step toward being a winner. Now go see your Buick dealer. He has a list of 72 winners posted in his showroom. If you see your entire vehicle identification number on the poster — the symbols plus the rest of the numbers — \$2,332 cash is yours. (If your prefix isn't listed in this ad, don't give up. Your numbers may have been posted during the past six weeks. Every week 72 winners were posted on the showroom wall.

You may have missed your number before. No slogan to invent, no puzzles to solve. In fact, you don't even have to own a Buick to have a winning number.

**Contest Rules:** Residents of Kansas, Missouri and Nebraska may, if they prefer, send in a postcard to R. L. Polk and Co., P.O. Box 1347, Detroit, Michigan 48231 and receive the weekly list of winning numbers by mail for comparison with their own vehicle identification number. An official entry form will be included. Sweepstakes limited to persons over 21 living in the continental U.S. Not valid in Florida or states where prohibited by law.

## Hurry. Buick's \$1,000,000 Sweepstakes is in its last week.

There's an authorized Buick dealer near you. See his Double-Checked used cars, too.

### Time to Pray...

Life can be so full and active ... There are the school hours, time for study, and for a growing child there must be recreation. Also a time for eating is necessary, and a time to be with the family. One of the most needed times is to be with God in prayer. There are times that we should give thanks to God for our food, and times to seek his guidance and watch-care, and there are times to pray with others. This we can do by attending church.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

## SYLVESTER NEWS...

By Mrs. R. M Babb  
Spring is here in a big way, the wind is really blowing and some sand but guess we might as well expect it, after all this is March.

Mr. and Mrs. Don Douglas and sons spent several days in the Ross Douglas home last week. Don and family live in Big Spring.

Mr. and Mrs. Fred Fountain of Fort Worth spent a few days visiting relatives.

Mrs. D. L. Kidd and Mrs. Melvin Thompson attended a funeral in Lamesa this past week.

Mr. and Mrs. Richard Green are very proud of that new grand baby. The parents are the Leland Ohlhausen's of Abilene.

Visiting in the Hardwick home on Sunday were Mr. and Mrs. F. Morgan, LaTisha and Debbie and Ricky Caldwell of Abilene.

Mr. C. S. Robinson entered West Texas Hospital in Lubbock on Sunday afternoon for eye surgery. We surely hope he gets along all right.

Mr. J. P. Maberry entered Hamlin Hospital on Monday for surgery. We hope he does real well.

It was good to see the Buddy Portwood's Sunday. They were visiting in the M. D. Brown home.

The Jerry Prather family spent Sunday with the W. B. Browns. They returned to Sweetwater, leaving Sheila to stay the night.

Mrs. Roy Kiser spent a few days with her daughter, Mrs.

Derwin Maberry in Abilene while Roy was in Tulsa, Okla. attending to business.

Mrs. A. J. Griffin has been called to Okla. City due to the illness of her son.

Every one be sure and notice the new flag pole at the Post Office. I believe it is strong enough that it won't bang the building as these high winds blow.

Mrs. Odessa Carroll of Abilene spent a few hours with her father, Mr. Hood on Sunday.

Rev. and Mrs. Tommy Wilson of Southland and Mr. and Mrs. Buddy Williams of Big Spring visited their Mother, Mrs. Gladys Williams, over the weekend.

Kenneth Douglas was anxious to get home Saturday night, having been away with his dad in Llano doing carpenter work, but that cow slowed him down and kinda smashed the front of the pickup he was driving. Just glad he wasn't hurt.

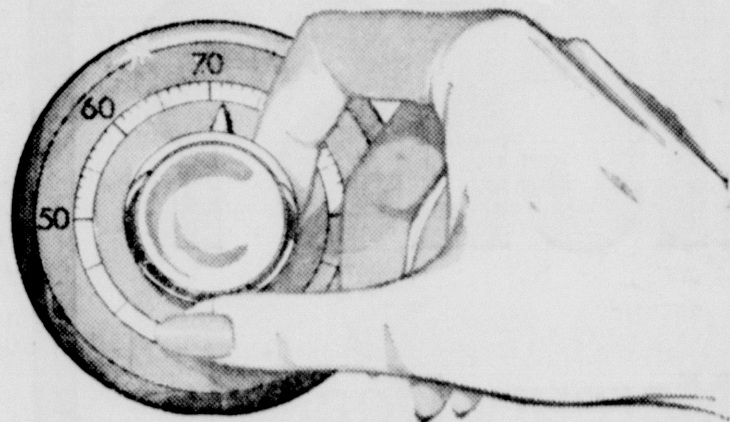

The J. P. Maberry's are driving a new blue Corvair and Cecil Kisers are driving a green Chevelle.

In this modern age men who die with their boots on usually have one of them on the accelerator.

STATE CAPITAL  
Highlights  
AND Sidelights  
by Vern Sanford  
TEXAS PRESS ASSOCIATION

Austin — Texas school districts are receiving speedup orders on desegregation.

Integration of faculties, as well as student bodies, is the aim of federal authorities in laying down new guidelines for compliance with the civil rights act of 1964.

Both the Texas Education Agency and the State Board of Education received the policy statements and promptly scheduled meetings over the state to post local school administrators as to the requirements.

Primarily concerned are 600 districts that submitted voluntary desegregation plans to the U. S. Office of Education for the 1965-66 school year to assure that they remained eligible for federal aid.

Districts already fully integrated, those whose assurances of compliance have been accepted and those operating under court desegregation orders are not immediately affected by the revised policies.

U. S. Commissioner of Education Harold Howe II estimates that revisions will result in doubling integration in 11 Southern states.

Guidelines provide that "race, color or national origin may not be a factor in hiring or assignment of teachers and other professional staff." State Education Agency officials said evidence of compliance with this requirement is expected to be shown by next September.

Districts which have submitted desegregation plans, including those with geographical school attendance zones, must file by April 15 a form agreeing to observe the new guidelines. Office of Education will review spring reports and schools judged to have shown no reasonable progress will be ordered to take further steps before fall.

School systems also must eliminate segregation in such programs as transportation, athletics and extra-curricular activities.

Where faculty members are displaced as a result of desegregation, staff vacancies later occurring must be filled by these ousted teachers if they qualify.

In other action the State Board of Education directed local school districts to raise their contributions to the foundation school program by \$6,100,000 next year. Local fund assignment for 1966-67 is \$128,000,000 compared with \$132,500,000 for 1965-66. Total cost of minimum foundation education program for the state this year is estimated officially at \$649,326,890. Legislature set local school districts' contribution for 1966-67 and thereafter at 20 per cent of the total cost of the preceding year's program. State puts up the other 80 per cent.

Board also approved investment of about \$7,000,000 from the State Permanent School Fund. Some \$3,000,000 will be placed in common stock, another \$3,000,000 in corporate bonds and estimated \$1,000,000 in short-term Treasury bills.

Investment money will come from maturing Treasury bills, bonds and the regular monthly deposit from school land, oil and gas leases, says Paul Mathews, chairman of the investment committee.

Appointments — Gov. John Connally named John L. Hill as Secretary of State. He replaces Crawford C. Martin of Hillsboro who resigned last week to devote full time to his campaign for attorney general.

Hill is an outstandingly successful Houston civil trial attorney. He has tried cases in district courts in most areas of Texas during the past 19 years. His term will run until next January.

Connally named L. D. (Red) Webster and reappointed Al Badger, both of Dallas, to the Texas Commission on Alcoholism.

Also reappointed were Robert B. Gilmore of Dallas and W. E. (Buck) Tinsley of Austin to the Water Development Board.

House Speaker Ben Barnes appointed Reps. Gene Fonden of Tylor, George Cowden of Waco, Ralph W. Scoggins of El Paso, Rayford Price of Frankston and Lee Duggan Jr. of Houston to serve on a key election law study committee.

Lt. Gov. Preston Smith earlier had named Sens. Tom Creighton of Mineral Wells, Don Kennard of Ft. Worth, Ralph M. Hall of Rockwall, J. Hightower of Vernon and Abraham Kazen of Laredo to that panel.

## Six Flags to Open Season April 15

Six Flags Over Texas, the 115-acre theme amusement park located in Arlington, Texas, midway between Dallas and Fort Worth, will open its 1966 season on Friday, April 15 at 2 p.m.

The announcement came from Angus G. Wynne, Jr., president of Great Southwest Corporation, owner and operators of Six Flags, which will be celebrating its fifth anniversary this year.

During the spring season (April 15-May 27), the park will be in operation on Friday afternoons and all day Saturday and Sunday. Beginning May 28 and extending throughout the summer months until September 5 (Labor Day), Six Flags will be open seven days a week from 10 a.m. to 10 p.m. Following September 5 until closing day, November 27, the park will be in operation on Saturdays and Sundays only.

Six Flags, which was built at a cost of \$10,000,000, has attracted over 6.6 million visitors from all over the United States since opening in 1961. This figure includes the record 1,713,000 visitors last year.

The Texas Tourist Development Agency now ranks Six Flags Over Texas as the most popular single tourist attraction in the Long Star State.

Gary Cauble, a McMurry College student, will be with the McMurry College Indian Band when they make a five-day tour throughout Northwest Texas March 26-30. They will give performances in Quanah, Vernon, Childress, Memphis, Clarendon, Friona, and Littlefield.

### Only 11 In County Fail to Answer Medicare Inquiries

When the deadline of March 31 was only two weeks away, all but 83 of the 2800 persons over 65 in Jones County had replied to social security's Medicare inquiries, according to R. R. Tuley, Jr., District Manager for Social Security in Abilene.

Tuley knows who 72 of the 83 are, from records of his office and the State Department of Public Welfare. They are being phoned or written again to see whether they have just overlooked replying or are failing to reply as their way of saying "No" to the voluntary doctor bill insurance offered at \$3 per month premium rate. He doesn't know the identities of the remaining 11. He asks our readers to check with their friends and relatives and if they have taken no action as yet on Medicare, urge them to write a card or a letter to "Social Security, Abilene, Texas, 79604". They should say they do or do not want to sign up for Medicare.

"I'd like to suggest that every person over 65 who has not yet notified the Social Security Administration do so before March 31. Those who say 'No' or who just don't reply, will get another chance in October of 1967. However, a person who signs up by March 31 can cancel his enrollment anytime before July 1; in effect, he is getting 90 more days to reach a final decision," Tuley added.

**MAYOR PROCLAIMS FHA WEEK** — Members of the Hamlin Chapter of Future Homemakers of America meet with Mayor Hollis Madden for the signing of a proclamation designating Mar. 27-April 2 as FHA Week in Hamlin. Left to right are Glenda Hudspeth, Mayor Madden, Cynthia Stephens and Jan Al-

britton. There are over 70,000 FHA girls in Texas taking part in this observance. Local activities include the girls attending the church of their choice on Sunday, placing a red rose on each teacher's desk on Monday and climaxing with a Style Show April 4.

## Meeting Planned Tuesday At Neinda to Form Water Co-op

Formation of new water cooperative in the area is planned for 7:30 p.m. Tuesday when residents of the Neinda community meet at the community center, according to Fred Decker of the engineering firm of Yeatts & Decker of Abilene.

Already, 150 farmers and ranchers in the Neinda area have purchased stock in the organization that has signed a tentative contract with the city of Hamlin for he purchase of water.

An additional 50 members are needed, Decker said, to form a permanent corporation.

Each member of the corporation purchases a share of stock for \$55 in order to become a member. In addition he will pay a charge of about

\$7.50 to \$8 per month for water, depending on the cost of the system and other financial factors. Members of the corporation who reside near where the 60-mile pipeline will be built will be able to connect with the main line at no cost. However, members who live some distance from the line will have to construct the water line on his own private property.

It is likely, Decker said,

## 762 Additional Voters Added To County Roll

When the final registration receipt was issued last Friday, 762 additional voters had been added to the poll list in Jones County.

Tax Collector A. J. French said a large number of applications were in the mail before the midnight Thursday deadline. Application blanks had been left in many public places over the county.

In spite of the special free registration period, however, there will be fewer qualified voters this year than there were in 1964. Number of paid poll taxes this year was 2636. There were 58 under exemptions and three persons registered to vote without a poll tax in national elections.

Number of qualified voters in 1964, poll tax payers and "unders" was almost 4,000.

## ACCEPTS ROBERTSON'S RESIGNATION—

# Trustees Desegregate Second Grade Next Fall

The resignation of Board member Revis Robertson was accepted by the Hamlin Board of Trustees Monday night at a meeting called to determine what grades will be desegregated this fall.

In a letter to Board Chairman Bill Harbert, Robertson termed his resignation "to the best interest of the Hamlin Public Schools." He stated, "This is not an all at once decision, I felt for quite some time that this should be done, but I was just not quite certain until now."

The board will name someone to finish out the remaining year of his term at their regular April meeting.

The board voted to desegregate the second grade this fall in addition to the other grades desegregated this past fall.

The meeting was called because of the need to meet certain deadlines set out by the Federal Government to comply with its decision to operate the remaining four grades—third, fourth, fifth and sixth—under a Freedom of Choice system.

Supt. C. F. Cook and Junior High Principal Marvin Carlton attended a meeting in Dallas this past week on matter of desegregation of the public schools.

# Agent Warns Cotton Farmers of New Problems

Texas cotton producers have many things to consider, including planting patterns, under the 1966 cotton program, says Jones County Agent, Kirby Clayton. Among the alternate planting patterns are skip row planting and the interplanting of certain crops.

Texas A & M University's Agricultural Extension Service emphasizes that compatibility of production practices must be considered along with net profit per acre when planting decisions are made.

The practice of interplanting two or more crops in alternating row patterns could include cotton and a grain crop growing side by side within a given field. Before a cotton producer decides on this row pattern within his field, there are important considerations of future problems he would understand before planting.

Federal regulations restrict the use of certain agricultural chemicals to specific crops. These regulations, problems of application and the manu-

facturer's recommendations concerning the use of pesticides on crops which might be interplanted should be well understood by the grower as he makes his planting decisions, the Extension Service explains.

Producers must also normally exercise caution when using chemicals to avoid drift and residual effects on other crops. Prevention of drift is more difficult where two crops are grown close together, and is usually impossible on the adjacent rows, or where interplanting is practiced. The contamination of a feed or food crop, with chemicals not registered for use on that crop or with residues above the established tolerances set by the Food and Drug Administration, can result in condemnation of the crop or livestock products associated with that crop.

Limitations are often placed on the harvest date of a crop as so many days after the last application of chemicals con-

trol measures. There is a serious problem here when you consider that grain sorghum is normally approaching the harvest period at the time when most late season cotton insect pest populations reach their peak.

Under some conditions, certain pesticide residues will remain in the soil a year or longer. In rotation systems involving several crops, and several growing seasons, caution should be used with the pesticides that are known to leave such residues. In addition to residue problems, certain insecticides and certain herbicides, although registered for one particular crop, may cause considerable damage to another crop.

There are other matters cotton producers should consider at this time. Castorbean seed are poisonous to man and to animals. Contamination of other crop products, at harvest time, should be avoided. Castorbean seeds also have allergen substances that can

plan was accepted the Board of Education of the Hamlin Independent School District accelerated the desegregation of the schools in completely integrating the 1st, 7th, and 8th grades. This being 6 grades which is one-half of all grades taught in the Hamlin Public Schools.

During a called meeting of the Board of Education of the Hamlin Board of Education, March 21, the following "Freedom of Choice Plan" for the 1966-67 school year was adopted: To completely integrate the following grades: 1st, 2nd, 7th, 8th, 9th, 10th, 11th and 12th. This leaving the Freedom of Choice in the 3rd, 4th, 5th, and 6th grades. These children may attend either the Hamlin Elementary School or the Hamlin Depriest Elementary School.

On March 24, a letter of explanation of changes, Freedom of Choice blanks, and a self-addressed envelope will be mailed to each parent with children in all schools. This parent will have 30 days in which to fill out the Freedom of Choice blank. It is very necessary that each child have on file a Freedom of Choice application in the school administration office by April 22, 1966.

The Board of Education is making plans to integrate all grades into one school as soon as possible, discarding the dual school system. Plans for a new building, or additions are being formulated in order to provide facilities for all school children.

The present facilities are not sufficient to fully integrate all grades. The Board of Education has an advisory committee assisting in selecting ways and means of securing necessary facilities.

### To Attend District Rotary Conference

Ned Moore, president of the Hamlin Rotary Club, will head a delegation of four for the annual conference of the forty Rotary clubs grouped together in the Rotary district for this area. The conference will be Mar. 25-26 and those on the program include Dr. James H. Landes of Abilene, and Roy D. Hickman of Birmingham, Ala., who is personal representative of Rotary International President C. P. H. Tenstra of the Netherlands.

Featured speaker at the Governor's Banquet on Saturday night will be Sir Geoffrey Bray, Director of Tourism, British Chamber of Commerce. A District Governor will be elected, succeeding Walter Riley of Burkburnett.

Another consideration concerns the actual harvesting of a cotton crop that has been interplanted with grain crops. The harvesting and ginning of cotton, harvested after the harvesting of the grain crop, can be adversely affected by the trash or excess plant parts left in the field from the other crop.

One final consideration is also a matter that affects the cotton producer at the time of harvest. Growth rates and maturity of the cotton between the outside and inside row of a four-row pattern (another alternative) differ and may create harvesting problems.

For specific information on the safe use of pesticides, and other assistance in your production planning, visit with your local county agricultural Extension agent.

## FAIRVIEW NEWS...

By Mrs. Elmer Joiner  
Spring arrived officially Sunday after a long winter. The only difference we could see was that it is just a little drier. But there isn't but a very few times when it isn't, so it will run some of these days as it always has. A strong southerly windstorm came up Wednesday night, but all it left was a sprinkle.

Although we do not have a pastor as far out our way, the pulpit was filled by Rev. Wayne Williams of Sweetwater, both services Sunday. His wife did not come with him since they are the parents of a week old son, born in the Hamlin Hospital.

The visiting preacher was Sunday guest of the H. L. Ford family. Sunday afternoon, he and Mr. Ford visited around in the community. Since Rev. Williams is a farmer, our farmer men could really talk his language. He farms north of Sweetwater, in the Lakewood community.

We are glad to report that

George Wainwright did get to come home as scheduled, last Tuesday, and is doing fine. Mr. and Mrs. Henry attended a funeral service last Tuesday morning in Rule, for Mr. Joe Bullock, a long time resident of Rule. Mr. Bullock was on his way to the Veterans Hospital in Big Spring, when the car in which he was riding was in a wreck with a truck between Hamlin and Old Glory. The victims were brought to Hamlin Hospital, where Mr. Bullock died a short time later.

Mrs. Ethel Bullock, sister of Mr. Henry, and whose deceased husband was a brother of the wreck victim, spent last week with Mr. and Mrs. Henry, after attending her brother-in-law's funeral.

It seems that only the Fred Rosehouse and Mrs. Watson Gray, attended the R. E. A. meeting and barbecue in Stamford, last Wednesday. Most of our folks are members of the Stamford R. E. A., but we do not attend like we should.

After the barbecue, Mrs. Gray did some visiting over Stamford way. She visited with Mrs. P. E. Moss and lived in the Church community, before coming home. Mr. and Mrs. Fred Rosehouse, and Mr. and Mrs. E. A. Henry, were Sunday afternoon visitors of the George Wainwrights. Mr. and Mrs. Raleigh Bond were also present.

Mr. and Mrs. Joe Ford went to Abilene last Wednesday and spent the night with Mr. and Mrs. David Ford. They enjoyed going to church with them that night.

The Fred Rosehouse's have done it again. They went fishing last Monday and caught lots of fish.

Mrs. Woodrow Goodwin was ill last week with a good case of flu, but was able to be in church Sunday.

Mrs. J. E. McCoy, M. E. Johnson and Elmer Joiner, attended the monthly meeting of the H. D. Council in Abilene, last Wednesday afternoon.

Somewhere else took Winston Gray's cutting north and some of the equipment that goes with it, last Thursday night, from his farm house east of town. If those that take things on that order know how long it takes a

farmer to get the things he needs to carry on his farming operations, and how they have to sacrifice sometimes to help them, they would hesitate to go around taking them. A preacher boy, Billy Spies, from Abilene, met the pulpit committee last Friday night, in the H. L. Ford home. He is supposed to come preach next Sunday.

Mr. and Mrs. Henry visited with Mrs. Woodrow Goodwin, Friday afternoon.

SHEARED SHEEP

It may not be any consolation to 50 shorn sheep but it takes only one kilowatt hour of Midwest Electric Cooperative power to relieve a half hundred of these animals of their fleeces. Not only is the shearing faster and more efficient, but it saves labor cost and increases profit. The use of electric sheep shears is just one of literally hundreds of ways rural people utilize the abundant supply of electricity by Midwest Electric Cooperative. Rural electricity brightens the hearts and homes of more than 1 and 1/2 million Texans. The Midwest Electric Cooperative with its dependable supply of low-cost electricity is building a brighter tomorrow and helping Texas grow.

MR. AND MRS. R. H. COOLEY  
... sign up for Medicare

## Local Couple, Sweethearts Since Childhood, Sign Up for Medicare

Mr. and Mrs. Romelus H. Cooley, sweethearts since the age of 12, are two Jones Co. residents who recently qualified for Medicare according to Mrs. Fay Grant, Field Representative of the Abilene Social Security office. In addition to being eligible for Medicare, both qualified for a cash benefit based on Mr. Cooley's work as a farmer. Farmers were first covered by Social Security in 1955. Mr. Cooley retired at the end of 1955 and had paid only the one year of social security tax. Until the 1965 amendments which permitted less work for persons 72 and over, Mr. Cooley could not qualify for cash payments.

According to Mrs. Grant, social security coverage is not necessary for a person to be eligible for Medicare. In fact, many persons without social security numbers have qualified.

The Cooleys have resided in Jones County since 1938. They have ten children living, including Mrs. Ruby Talbott, Abilene, Mrs. Woodrow Bagley and Calvin Cooley, Anson, and Elvin Cooley, Hamlin. They have 24 grandchildren, 10 great grandchildren. For longevity, they both suggest: "Love and trust in the Lord."

Mr. and Mrs. Cooley consented to use of their story in the hopes that the Medicare message might reach someone unaware of his rights to this coverage.

Recently figures show slightly over 2800 persons age 65 or over residing in Jones Co. Mrs. Grant stated that 2743 of these have already signed up for Medicare. Social Security people are concerned about reaching the remaining 60 or

"Oh, my aching back! I haven't done this for years." was heard last Thursday night as the gym lights shined brightly. The parents of the M. H. S. volleyball varsity and the teachers were getting a taste of what their children and pupils get from volleyball. For some, it was the first time to hit a volleyball. The parents and teachers were so interested in the sport, they decided to make a weekly thing of it. As of last week, they have practice every Thursday. Thursday March 24 (tonight) the M. H. S. Varsity and the new teams will be playing. It will be interesting to see if the children and students can teach the parents and teachers something.

Ann Kemp and Jeanne Acklin attended the F. H. A. Area II meeting last Saturday. They both wished that the other members could have been able to attend. According to Ann and Jeanne, the meeting held their interest all the way through. The meeting consisted of Speeches, songs, new fashions for spring, and initiation of the 1966 Area II officers. Monday school let out at 1:30 for the funeral of Bill Young's mother, M. H. S.

sends our regards and sympathy to the Young family.

"Just two more weeks and we're off" is the cry for the Juniors and Seniors of M.H.S. Two more weeks and they'll be on the trip that caused so many gripes and hard work. They've decided to leave April 7.

## Time to Pray...

Life can be so full and active... There are the school hours, time for study, and for a growing child there must be recreation. Also a time for eating is necessary, and a time to be with the family. One of the most needed times is to be with God in prayer. There are times that we should give thanks to God for our food, and times to seek his guidance and watch-care, and there are times to pray with others. This we can do by attending church.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

## SYLVESTER NEWS...

By Mrs. R. M. Babb  
Spring is here in a big way, the wind is really blowing and some sand but guess we might as well expect it, after all this is March.

Mr. and Mrs. Don Douglas and sons spent several days in the Ross Douglas home last week. Don and family live in Big Spring.

Mr. and Mrs. Fred Fountain of Fort Worth spent a few days visiting relatives.

Mrs. D. L. Kidd and Mrs. Melvin Thompson attended a funeral in Lamesa this past week.

Mr. and Mrs. Richard Green are very proud of that new grand baby. The parents are the Leland Ohlhausen's of Abilene.

Visiting in the Hardwick home on Sunday were Mr. and Mrs. F. Morgan, LaTisha and Debbie and Ricky Caldwell of Abilene.

Mr. C. S. Robinson entered West Texas Hospital in Lubbock on Sunday afternoon for eye surgery. We surely hope he gets along all right.

Mr. J. P. Maberry entered Hamlin Hospital on Monday for surgery. We hope he does real well.

It was good to see the Buddy Portwood's Sunday. They were visiting in the M. D. Brown home.

The Jerry Prather family spent Sunday with the W. B. Browns. They returned to Sweetwater, leaving Sheila to stay the night.

Mrs. Roy Kiser spent a few days with her daughter, Mrs.

Derwin Maberry in Abilene while Roy was in Tulsa, Okla. attending to business.

Mrs. A. J. Griffin has been called to Okla. City due to the illness of her son.

Every one be sure and notice the new flag pole at the Post Office. I believe it is strong enough that it won't bang the building as these high winds blow.

Mrs. Odessa Carroll of Abilene spent a few hours with her father, Mr. Hood on Sunday.

Rev. and Mrs. Tommy Wilson of Southland and Mr. and Mrs. Buddy Williams of Big Spring visited their Mother, Mrs. Gladys Williams, over the weekend.

Kenneth Douglas was anxious to get home Saturday night, having been away with his dad in Llano doing carpenter work, but that cow slowed him down and kinda smashed the front of the pickup he was driving. Just glad he wasn't hurt.

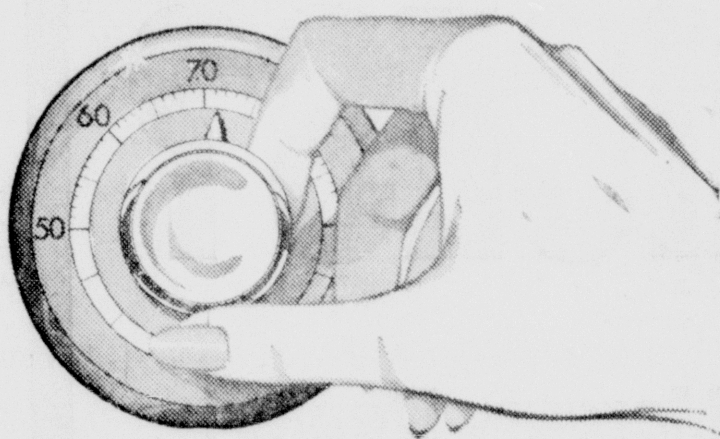

The J. P. Maberry's are driving a new blue Corvair and Cecil Kisers are driving a green Chevelle.

In this modern age men who die with their boots on usually have one of them on the accelerator.

### Rise in Auto Thefts

NEW YORK. Auto thefts in the United States have nearly tripled since 1948, according to the Insurance Information Institute. There were 163,400 cars stolen in 1948 and 466,805 in 1964. Authorities stress that the best way to safeguard your car against thieves is to lock it and take the key with you.

Australia and New Zealand first were joined by submarine telegraph cable in 1876.

Austin — Texas school districts are receiving speedup orders on desegregation.

Integration of faculties, as well as student bodies, is the aim of federal authorities in laying down new guidelines for compliance with the civil rights act of 1964.

Both the Texas Education Agency and the State Board of Education received the policy statements and promptly scheduled meetings over the state to post local school administrators as to the requirements.

Primarily concerned are 600 districts that submitted voluntary desegregation plans to the U. S. Office of Education for the 1965-66 school year to assure that they remained eligible for federal aid.

Districts already fully integrated, those whose assurances of compliance have been accepted and those operating under court desegregation orders are not immediately affected by the revised policies.

U. S. Commissioner of Education Harold Howe II estimates that revisions will result in doubling integration in 11 Southern states.

Guidelines provide that "race, color or national origin may not be a factor in hiring or assignment of teachers and other professional staff." State Education Agency officials said evidence of compliance with this requirement is expected to be shown by next September.

Districts which have submitted desegregation plans, including those with geographical school attendance zones, must file by April 15 a form agreeing to observe the new guidelines. Office of Education will review spring reports and schools judged to have shown no reasonable progress will be ordered to take further steps before fall.

School systems also must eliminate segregation in such programs as transportation, athletics and extra-curricular activities.

Where faculty members are displaced as a result of desegregation, staff vacancies later occurring must be filled by these ousted teachers if they qualify.

In other action the State Board of Education directed local school districts to raise their contributions to the foundation school program by \$6,100,000 next year. Local fund assignment for 1966-67 is \$138,000,000 compared with \$132,500,000 for 1965-66. Total cost of minimum foundation education program for the state this year is estimated officially at \$649,326,890. Legislature set local school districts' contribution for 1966-67 and thereafter at 20 per cent of the total cost of the preceding year's program. State puts up the other 80 per cent.

Board also approved investment of about \$7,000,000 from the State Permanent School Fund. Some \$3,000,000 will be placed in common stock, another \$3,000,000 in corporate bonds and estimated \$1,000,000 in short-term Treasury bills.

Investment money will come from maturing Treasury bills, bonds and the regular monthly deposit from school land, oil and gas leases, says Paul Mathews, chairman of the investment committee.

Appointments — Gov. John Connally named John L. Hill as Secretary of State. He replaces Crawford C. Martin of Hillsboro who resigned last week to devote full time to his campaign for attorney general.

Hill is an outstandingly successful Houston civil trial attorney. He has tried cases in district courts in most areas of Texas during the past 19 years. His term will run until next January.

Connally named L. D. (Red) Webster and reappointed Al Badger, both of Dallas, to the Texas Commission on Alcoholism.

Also reappointed were Robert B. Gilmore of Dallas and W. E. (Buck) Tinsley of Austin to the Water Development Board.

House Speaker Ben Barnes appointed Reps. Gene Fondren of Tyler, George Cowden of Waco, Ralph W. Scoggins of El Paso, Rayford Price of Frankston and Lee Duggan Jr. of Houston to serve on a key election law study committee.

Lt. Gov. Preston Smith earlier had named Sens. Tom Creighton of Mineral Wells, Don Kennard of Ft. Worth, Ralph M. Hall of Rockwall, J. Hightower of Vernon and Abraham Kazen of Laredo to that panel.

### Six Flags to Open Season April 15

Six Flags Over Texas, the 115-acre theme amusement park located in Arlington, Texas, midway between Dallas and Fort Worth, will open its 1966 season on Friday, April 15 at 2 p.m.

### To Take 5-Day Tour

Gary Cauble, a McMurry College student, will be with the McMurry College Indian Band when they make a five-day tour throughout Northwest Texas March 26-30. They will give performances in Quanah, Vernon, Childress, Memphis, Clarendon, Friona, and Littlefield.

Dr. Raymond Bynum, well-known Texas bandmaster, will direct the musicians as they perform in schools and present their unique program of conducting an entire workshop service in Methodist churches in Quanah and Vernon.

### Only 11 In County Fail to Answer Medicare Inquiries

When the deadline of March 31 was only two weeks away, all but 83 of the 2800 persons over 65 in Jones County had replied to social security's Medicare inquiries, according to R. R. Tuley, Jr., District Manager for Social Security in Abilene.

Tuley knows who 72 of the 83 are, from records of his office and the State Department of Public Welfare. They are being phoned or written again to see whether they have just overlooked replying or are failing to reply as their way of saying "No" to the voluntary doctor bill insurance offered at \$3 per month premium rate. He doesn't know the identities of the remaining 11. He asks our readers to check with their friends and relatives and if they have taken no action as yet on Medicare, urge them to write a card or a letter to "Social Security, Abilene, Texas, 79604". They should say they do or do not want to sign up for Medicare.

"I'd like to suggest that every person over 65 who has not yet notified the Social Security Administration do so before March 31. Those who say "No" or who just don't reply, will get another chance in October of 1967. However, a person who signs up by March 31 can cancel his enrollment anytime before July 1; in effect, he is getting 90 more days to reach a final decision," Tuley added.
